2011 MIAMI AND PALM BEACH BOAT SHOWS

- Chaos Boats attended the 2011 Miami and Palm Beach Shows. On display were both models, a Chaos 16 Bonefish with an Aquamist hull, and a Chaos 21 Tarpon Bay in Jet Black featuring a teak helm pod. Both events were successful and exciting, as the boats debuted well and received a lot of media attention.

If you missed us at the shows, don't worry— we have other events planned throughout the year, check out our event page at www.chaosboat.com for an event in your area.

Don't have time to attend an event or want to take a test ride? No problem, just let us know and we'll arrange a demo or walk-through of either model. We are looking forward to a fun & exciting 2011 by bringing on new dealers and growing our Chaos family. Get your order in soon, as summer is just around the corner.
